B.03 DOE-H-2074 LIMITATION OF GOVERNMENT'S OBLIGATION

(a) This contract's CLIN 0001 – 0009 may contain Federal Acquisition Regulation fixed prices and contract terms and conditions as set forth in the contract, with the exceptions that all CLINs may be incrementally funded; and if a CLIN is incrementally funded as set forth in the contract, in the event of termination before it is fully funded the Government's maximum liability for the CLIN will be the lower of the amount of funds allotted to the CLIN or the amount payable to the Contractor per the Termination for Convenience (Fixed-Price) clause of this contract. For each CLIN there is

- 1) a fixed price;
- 2) a specified scope of work that corresponds to the fixed price;
- 3) an anticipated funding schedule that corresponds to the fixed price and the specified scope of work (the parties contemplate that the Government will allot some funds upon execution of the contract);
- 4) a Government maximum obligation to the Contractor equal to the funds allotted to the contract for the CLIN;
- 5) if the Government incrementally allots funds, both a fixed price for the services the allotted funds cover and a maximum Government obligation, including any termination obligations, to the Contractor equal to the allotted funds; and
- 6) an obligation that the Government will pay the Contractor only for the work the Contractor performed: for which funds were allotted; and based only on the fixed price for the services the allotted funds covered (established when the funds were allotted) and the portion of the services performed, not the costs the Contractor may actually incur.

(b) For each CLIN

- 1) the Government's maximum obligation, including any termination obligations and obligations under change orders, equitable adjustments, or unilateral or bilateral contract modifications, at any time is always less than or equal to the total amount of funds allotted by the Government to the contract for the CLIN and the total amount of funds allotted by the Government to the contract for the CLIN is the fixed price of the work for which the funds are allotted;
- 2) the Contractor explicitly agrees the fixed price in the contract reflects (that is, includes or encompasses any additional amount) and any subsequent negotiated fixed price reflects for each of the fixed-price CLINs included in this contract:
 - i. any additional complexities, challenges, and risks (including all risks, costs or otherwise, associated with any potential termination for convenience, or other risks as articulated in this clause) to which the Contractor is subject due to the incremental funding arrangement established in this clause; and

EM Los Alamos Field Office Technical Assistance Contract (EM-LA TAC)
Citizens Advisory Board Task Order
Contract - DE-EM0004847
Task Order- DE-EM0004854

ii. the specific risk that in the event of termination of an incrementally funded CLIN before the CLIN is fully funded, the Contractor could receive less than the amount the Termination for Convenience (Fixed-Price) clause of this contract would usually permit, that is, the Government is only obligated to provide to the contractor the lower of the amount of the allotted funds or the amount as determined under the Termination for Convenience (Fixed-Price) clause of this contract;

3) the Contractor is not authorized to continue work beyond the point at which the total amount payable by the Government, which is the price of the services the allotted funds cover, equals the total amount allotted to the contract for the services;

4) if additional funds become available and the Government still has a need for the services in the Contract, the Government will allot funds periodically to the CLIN, the Contractor will continue performance and will provide a specified and fixed amount of work for the additional funds allotted, and the Government will pay the Contractor based on the price of the fixed amount work. The Government will not pay the Contractor based on the costs the Contractor incurs in performing the work; and

5) the Contractor agrees to provide the specified and fixed amount of work for the fixed price identified in the Contract's Section B, Supplies or services and prices/costs, and in accordance with the delivery schedule identified in the contract's Section F, Deliveries or performance, provided the Government provides the funding per or earlier than the Planned Funding Schedule in paragraph (n) of this clause. At any time, the cumulative amount of funds allotted is the fixed price for the cumulative fixed amount of work identified with the funds.

(c) For each CLIN

1) The fixed price (of both the entire CLIN and of the current cumulative amount of funds allotted to the CLIN at any time during contract performance) is not subject to any adjustment on the basis of the Contractor's cost experience;

2) The contract places the maximum risk and full responsibility on the Contractor for all costs and resulting profit or loss; and

3) If the Government meets the entire Planned Funding Schedule,

i. the cumulative amount of funds allotted will equal the CLIN's fixed price and

ii. the Contractor shall provide the entire scope of work the Contract requires for the CLIN.

(d) The fixed price for each CLIN is listed in Section B of this contract.

(e) The Planned Funding Schedule for each CLIN is in paragraph (n) of this clause. The sum of the planned funding for each CLIN equals the fixed price of the CLIN.

(f) The Actual Funding Schedule for each CLIN is in paragraph (o) of this clause. It specifies the actual amount of funds allotted and presently available for payment by the Government separately for CLIN 0001 - 0009 and the specific work to be performed for the funds allotted.

1) The Contractor may submit an invoice under a CLIN only after the Government has allotted funds to the CLIN and the Contractor has provided services in accordance with the terms and conditions of the Contract. The Contractor may submit an invoice for only the lower of the two preceding amounts, that is, the lower of

- i. the amount of allotted funds for the specified work (which is the amount of the fixed price of the specified work) or
- ii. the amount equal to the portion of the fixed price for the specified work the Contractor has earned by providing a portion of the fixed work.

(g) If during the course of this contract the Government is allotting funds to a CLIN per or earlier than the Planned Funding Schedule, this contract to that point will be considered a simple fixed-price contract for that CLIN regardless of the rate at which the Contractor is, or is not, earning amounts payable, and

1) The Government's and the Contractor's obligations under the contract for the CLIN—with the exception that the Government's obligation for the CLIN is limited to the total amount of funds allotted by the Government to the CLIN and similarly the Contractor is not authorized to continue work beyond the point at which the total amount payable by the Government equals the total amount allotted—will be as if the CLIN were both fixed price and fully funded at time of contract execution, that is, the Contractor agrees that: it will perform the work of the contract for that CLIN; and neither the fixed-price for the CLIN nor any other term or condition of the contract will be affected due to the CLIN's being incrementally funded.

i. The Contractor agrees, for example, if the Government allots funds to a CLIN per or earlier than all of the funding dates in the Planned Funding Schedule for the CLIN, the Government has met all of its obligations just as if the CLIN were fully funded as of the time of contract execution and the Contractor retains all of its obligations as if the CLIN were fully funded as of the time of contract execution, while at the same time the Contractor is not authorized to continue work beyond the point at which the total amount payable by the Government equals the total amount allotted to the contract; consequently, if the Contractor earns amounts payable at any time in performing work for the CLIN that exceed the total amount of funds allotted by the Government to the contract for the CLIN

A. it (not the Government) will be liable for those excess amounts payable

B. it will remain liable for its obligations under every term or condition of the contract and

C. if it fulfills all of its obligations for that CLIN and the Government allots funds to the CLIN equal to the CLIN's fixed price, the Government will pay it the fixed price for the CLIN and no more.

ii. The Contractor also agrees, for example, if the Government allots funds to a CLIN by the first funding date in the Planned Funding Schedule, the Government has met all of its obligations up to that point in the contract as if the CLIN were fully funded (that is, as if

progress payments based on cost had been agreed to and had been made, or milestone payments had agreed to and been made, etc.) and the Contractor retains all of its obligations up to that point (such as meeting delivery schedules, maintaining quality, etc.) as if the CLIN were fully funded; consequently, if the Government subsequently terminates the CLIN it will pay the Contractor the lower of the following two amounts: the amount allotted by the Government to the CLIN; or the amount payable per the Termination for Convenience (Fixed-Price) clause of this contract.

(h) The Contractor shall notify the Contracting Officer in writing whenever it has reason to believe that the total amount payable by the Government, which is the portion of the price of the services the allotted funds cover that the Contractor has earned, for the CLIN in the next 60 days, when added to all amounts payable previously earned, will exceed 75 percent of the total amount allotted to the CLIN by the Government.

1) The notification is for the Government's planning purposes only and does not change any obligation of either the Government or the Contractor.

2) The Contractor is not authorized to continue work beyond the point at which the total amount payable by the Government equals the total amount allotted to the CLIN.

3) The Government may require the Contractor to continue performance of that CLIN for as long as the Government allots funds for that CLIN sufficient to cover the amount payable for that CLIN.

(i) If the Government does not allot funds to a CLIN per or earlier than its Planned Funding Schedule, the Contractor may be entitled to an equitable adjustment and

1) the Government's maximum obligation, including any termination obligation, to reimburse the Contractor remains limited to the total amount of funds allotted by the Government to the contract for that CLIN;

2) the Contractor is not authorized to continue work beyond the point at which the total amount payable by the Government equals the total amount allotted to the contract;

3) if the Government subsequently terminates the contract or the CLIN, it will pay the Contractor the lower of the following two amounts: the total amount of funds allotted by the Government to the contract for the CLIN; or the amount payable per the Termination for Convenience (Fixed-Price) clause of this contract.

(j) Except as required by either other provisions of this contract specifically citing and stated to be an exception to this clause, or by, among other things, terminations, change orders, equitable adjustments, or unilateral or bilateral contract modifications specifically citing and stated to be an exception to this clause, for each CLIN—

1) The Government is not obligated to reimburse the Contractor in excess of the total amount allotted by the Government to this contract for the CLIN; and

EM Los Alamos Field Office Technical Assistance Contract (EM-LA TAC)
Citizens Advisory Board Task Order
Contract - DE-EM0004847
Task Order- DE-EM0004854

2) The Contractor is not obligated to continue performance under this contract related to the CLIN in excess of the amount allotted to the contract (which is also both the maximum amount payable and the price of the services the allotted funds cover) by the Government until the Contracting Officer notifies the Contractor in writing that the amount allotted by the Government has been increased and specifies an increased amount, which shall then constitute the total amount allotted by the Government to the CLIN.

(k) No notice, communication, or representation in any form, including, among other things, change orders, equitable adjustments, or unilateral or bilateral contract modifications, other than that specified in this clause, or from any person other than the Contracting Officer, shall affect the amount allotted by the Government to this contract for a CLIN, which will remain at all times the Government's maximum liability for a CLIN. In the absence of the specified notice, the Government is not obligated to reimburse the Contractor for any amounts payable earned for a CLIN in excess of the total amount allotted by the Government to this contract for a CLIN.

(l) Change orders, equitable adjustments, unilateral or bilateral contract modifications, or similar actions shall not be considered increases in the Government's maximum liability or authorizations to the Contractor to exceed the amount allotted by the Government for a CLIN unless they contain a statement increasing the amount allotted.

(m) Nothing in this clause shall affect the right of the Government to terminate this contract for convenience or default.

B.04 NON-LABOR COST – INDIRECT CEILING RATE

The Contractor is entitled to apply an indirect rate to all non-labor costs of [REDACTED]. The percentage specified is considered a ceiling rate. Contractor's actual rates, up to the ceiling rate, will be applied for each fiscal year. The Contractor's reimbursed indirect rate shall be supported by the Contractor's accounting system. If the Contractor is unable or does not segregate indirect rates with an allocation base containing non-labor costs, the Contractor is not entitled to any applied indirect rates to non-labor costs incurred.

SECTION G – CONTRACT ADMINISTRATION DATA

Section G of Master Requirements Contract, DE-EM0004847, is applicable, and is incorporated by reference with the following adjustments:

G.03 DOE-G-2004 CONTRACT ADMINISTRATION

To promote timely and effective contract administration, correspondence delivered to the Government under this contract shall reference the contract number, title, and subject matter, and shall be subject to the following procedures:

(a) Technical correspondence. Technical correspondence shall be addressed to the Contracting Officer's Representative (COR) for this contract, and a copy of any such correspondence shall be sent to the Contracting Specialist and Contracting Officer. As used herein, technical correspondence does not include correspondence where patent or rights in data issues are involved, nor technical correspondence which proposes or involves waivers, deviations, or modifications to the requirements, terms or conditions of this contract.

(b) Other Correspondence.

(1) Correspondence regarding patent or rights in data issues should be sent to the Intellectual Property Counsel. A copy of such correspondence shall be provided to the Contracting Specialist and Contracting Officer.

(2) If no Government Contract Administration Office is designated on Standard Form 33 (Block 24), all correspondence, other than technical correspondence and correspondence regarding patent or rights in data, including correspondence regarding waivers, deviations, or modifications to requirements, terms or conditions of the contract, shall be addressed to the Contracting Specialist and Contracting Officer. Copies of all such correspondence shall be provided to the COR.

(3) Where a Government Contract Administration Office, other than DOE, is designated on either Standard Form 33 (Block 24), or Standard Form 26 (Block 6), of this contract, all correspondence, other than technical correspondence, shall be addressed to the Government Contract Administration Office so designated, with copies of the correspondence to the Contract Specialist, Contracting Officer, and the COR.

G.05 DOE-G-2005 *A1 BILLING INSTRUCTIONS - ALTERNATE I (OCT 2014) (Applicable to all Material Purchases under this Task Order)

- (a) The Contractor shall use Standard Form 1034, Public Voucher for Purchases and Services Other than Personal, when requesting payment for work performed under each task order issued under the basic IDIQ contract.
 - (b) The Contractor shall submit vouchers electronically through the Oak Ridge Financial Service Center's (ORFSC) Vendor Inquiry Payment Electronic Reporting System (VIPERS). VIPERS allows vendors to submit vouchers, attach supporting documentation and check the payment status of any voucher submitted to the DOE. Instructions concerning contractor enrollment and use of VIPERS can be found at <https://vipers.doe.gov>.
 - (c) A paper copy of a voucher that has been submitted electronically will not be accepted.
 - (d) The voucher must include a statement of cost and supporting documentation for services rendered. This statement should include, as a minimum, a breakout by cost or price element of all services actually provided by the Contractor, both for the current billing period and cumulatively for the entire task order period.
- (1) Statement of Cost. The Contractor shall prepare and submit a Statement of Cost with each voucher in accordance with the following:
- (A) Statement of Cost must be completed in accordance with the Contractor's cost accounting system.
 - (B) Costs claimed must be only those recorded costs authorized for billing by the payment provisions of the contract.
 - (C) Indirect costs claimed must reflect the rates approved for billing purposes by the Contracting Officer.

(2) The Contractor shall prepare and submit the supporting documentation with each voucher in accordance with the following:

(A) Direct costs (e.g., labor, equipment, travel, supplies, etc.) claimed for reimbursement on the Statement of Cost must be adequately supported. The level of detail provided must clearly indicate where the funds were expended. For example, support for labor costs must include the labor category (e.g., program manager, senior engineer, technician, etc.), the hourly rate, and the labor cost per category; equipment costs must be supported by a list of the equipment purchased, along with the item's cost and receipts; supporting data for travel must include the destination of the trip, number and labor category of travelers, transportation costs, per diem costs, and purpose of the trip; and supplies should be categorized by the nature of the items (e.g., office, lab, computer, etc.) and the dollar amount per category.

(B) Indirect rates used for billings must be clearly indicated, as well as their basis of application. When the cognizant Administrative Contracting Officer (ACO) or auditor approves a change in the billing rates, include a copy of the approval.

(C) All claimed subcontractor costs must be supported by submitting the same detail as outlined herein.
